Member for Bass Inspects Under Channel Pipeline

Member for Bass Ken Smith MP showed a keen interest in the water management developments happening under the Channel between San Remo and Newhaven during a recent visit to Westernport Water.

During the visit Ken Smith MP took the opportunity to inspect the drilling site at Newhaven and find out more on plans to secure water supply to Phillip Island.

Steven Porter Westernport Water's General Manager of Operations commenting "It was a great opportunity to show the local member and speaker of the Legislative Assembly around the project. Ken was very keen to see how the project was going to help the Phillip Island community."

Westernport Water invites local leaders who would like to know more about any of our major water projects to give us a call and arrange a meeting.

For more information on the under channel pipeline please visit www.westernportwater.com.au or phone 1300 720 711.
